Former participant in OMA at the  
national and international levels

## 01. About me

I am a full-stack web developer and a university student passionate about technology and continuous learning. Since a young age, I have had a keen interest in computer science and programming, which led me to delve into web development in a self-taught manner.

Throughout my career as a developer, I have gained extensive experience in creating web applications using various technologies and tools. Furthermore, I am always in a continuous quest for new skills and knowledge to enhance my performance and be able to tackle new challenges.

## 02. Education

2016 English  
Cambridge B2 First  
Posadas, Misiones

2016 English  
ETS TOEFL IBT  
Obligado, Paraguay

2020–Act. Lic. en Cs. de la Computación (Bachelor)  
Universidad de Buenos Aires  
C.A.B.A.

2022 Full Stack Web Development  
Argentina Programa

2022–2023 Bootcamp Crimalis  
Finegans  
C.A.B.A., Argentina

## 03. Experience

2020–Act. Freelance Web Developer  
I was responsible for the design and implementation of personal, institutional, commercial, landing pages, as well as full-stack platforms for management and administration. I worked autonomously with both companies and individual clients.

2022 Sistema de Control de Jardines Maternales  
On my own, I developed and marketed a system that enables the management of kindergarten students. It streamlines the entire registration process and data storage for the institution.

2023–Act. Croing Agency  
I was responsible for both maintaining client websites for the company and developing services from scratch.

2023–Act. Coroyale  
I was in charge of the entire development of an online casino platform. I developed the gaming platform as well as the one for administrators and cashiers. It also included integrations with external APIs for game management.
